LANGUAGE FOR SPRINT PRIVACY ID SM SERVICE)	DOCKET NO. TT03060431

(SERVICE LIST ATTACHED)

BY THE BOARD:

On June 4, 2003, United Telephone Company of New Jersey Inc. d/b/a Sprint (Petitioner or United) filed a tariff supplement to Tariff N.J.B.P.U. No. 3 of the United Telephone Company of New Jersey. This filing proposes to clarify tariff language regarding Sprint Privacy IDSM. These changes are not rate or service affecting.

Sprint Privacy IDSM provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Sprint PrivacySM intercepts all unidentified calls before the subscriber's telephone rings and prompts the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voice mail.

The proposed language clarifies the original language regarding the Subscriber's ability to provide designated calling parties a caller access code to bypass Sprint Privacy IDSM. Furthermore, the proposed language clarifies that Sprint Privacy IDSM is not offered in conjunction with Integrated Service Digital Network, Public Communications Service, Advance Business Connection Service and PBX Systems.

Since the revisions and the standardization of language for Sprint Privacy IDSM services are not rate or service affecting and the proposed changes would not adversely affect the Petitioner's ability to provide safe, adequate and proper service, the Board therefore ORDERS that United's petition be APPROVED as filed.
